BCAA Traffic Safety Foundation Golf Classic raises money for community-based road safety initiatives

(Burnaby, B.C.): On July 10, supporters of the BCAA Traffic Safety Foundation hit the links at the Morgan Creek Golf Club in Surrey, and raised \$64,500 to help fund traffic safety programs and initiatives across B.C.

Established in 2000, the BCAA Traffic Safety Foundation is a registered charitable organization. The Foundation's annual charity golf tournament helps fund programs such as the child passenger safety, mature driving and school safety programs. The proceeds will also help the Foundation develop new programs in new road safety initiatives such as young drivers and impaired driving.

Tournament Committee Chair and Foundation Treasurer Colin MacKinnon says he is grateful for the net proceeds raised this year and the continued generosity shown by the business community. "The proceeds raised could not have been achieved without their encouragement and the generous support of all the event sponsors and individual tournament participants and donors," says MacKinnon. "AON – our tournament presenting sponsor – has given the Foundation overwhelming support over the years. It's this kind of enthusiasm that will help us reach our goal of making B.C. roads safer for everyone."
